## Our School Vision Statement

### Our School Vision Statement

Go, shine in the world and live as Jesus lived.

Our School motto is based upon Matthew 5:14-16

Our school offers a distinctly Christian education in an inclusive environment, welcoming children and staff of all faiths and none.

'Our schools offer a community where everyone is a person known and loved by God, supported to know their intrinsic value.' The Most Reverend Justin Welby, Archbishop of Canterbury '

As a community, we have identified **nine core values that stem from our Vision and** are woven in to the very fabric of the school. We expect all members of the school community- pupils, staff, governors, clergy- to model these. These are also closely linked to the **four foundations** of our **curriculum design**.

1. Educating for Wisdom, Knowledge and Skills (value link- excellence)
2. Educating for Hope and Aspiration (value link- determination and inspiration)
3. Educating for Community and Living Well Together (value link-compassion, integrity, friendship)
4. Educating for Dignity and Respect (value link- honesty, integrity, respect)

**Determination** This means resolution, resolve, willpower. "**Stand firm, and you will win life.**" (Luke 21:19)

**Respect** This means regard highly, value, honour. "**And as you wish that others would do to you, do so to them.**" (Luke 6:31)

**Friendship** This means mutual trust and support. "**Dear children, let us not love with words or speech but with actions and in truth.**" (1 John 3:18)

**Inspiration** This means the process of being given passion and/or ideas for a task. "**I can do all things through him who strengthens me.**" (Philippians 4:13)

**Excellence** This means being outstanding or extremely good. "**Whatever you do, work at it with all your heart as working for the Lord.**" (Colossians 3:23-24)

**Community** This connects us with each other. "**We who are many, are one body in Christ.**" (Romans 12:5)

**Compassion** This means having a deep awareness and sympathy for another's suffering. "**When Jesus went ashore, He saw a large crowd and He felt compassion for them because they were like sheep without a shepherd; and he began to teach them many things.**" (Mark 6:34)

**Honesty** This means truthfulness, loyalty, fairness, sincerity. **The Lord detests lying lips, but he delights in people who are trustworthy.**" (Proverbs 12:2)

**Integrity** This means having strong moral principles e.g. honesty, decency, fairness, equality; having pure and balanced moral character. **Whatever is true, whatever is honourable, whatever is just, whatever is pure, whatever is lovely, whatever is commendable, if there is any excellence, if there is anything worthy of praise, think about these things.**" (Philippians 4:8)

The distinctive nature of our approach to education can be found in our explicit Christian values, our Collective Worship, our grounded Christian ethos and in our Religious Education.

As a Church of England school we believe **every** child is made in the image of God, and therefore we want the best for them. We value our school community as a place where love can flourish.

Our vision and values are at the core of everything we do. In order for us to think about and understand how Jesus lived his life, we underpin our teaching and learning with the stories and parables from the Bible. We also provide an environment which fully prepares the children to be confident, compassionate, honest and happy human beings so that they can:

Go, shine in the world and live as Jesus lived.

Our School motto is based upon Matthew 5:14-16

### **Where does our school vision come from?**

Our school vision has its roots in the gospel of St Matthew who walked with Jesus during his ministry

*"You are the light of the world. A city set on a hill cannot be hidden. Nor do people light a lamp and put it under a basket, but on a stand, and it gives light to all in the house. In the same way, let your light shine before others, so that they may see your good works and give glory to your Father who is in heaven."*

## **Aims**

In teaching RE, we follow the London Diocesan Board for School's syllabus, which has the following overarching aims:

- To teach the children about Christianity and other major world faiths, and to foster an understanding of and sensitivity towards those with religious beliefs different from one's own;
- To foster spiritual awareness by developing a sense of awe, wonder, mystery, joy and sorrow at the created world;
- To develop the ability to think about the questions of belief and value;
- To give children the opportunities to learn about and learn from religion.

## **Legal framework**

It is a legal requirement that Religious Education be taught to all pupils. In voluntary aided schools, the Governing Body is responsible for the syllabus for RE. The Head teacher and staff work with and under the direction of the Governors. It is the Governors' responsibility to ensure that RE is provided for all pupils in accordance with the Trust Deeds. Where these are missing, the religious education provided should be in harmony with the teachings and practices of the Church of England.

The law contains a "conscience clause" which gives parents the right to withdraw their children from religious education. This applies to both community and voluntary aided schools.

## **RE and the school curriculum**

RE flourishes in schools when it is given equal status with other subjects of the National Curriculum.

As a school we ensure the statement of entitlement for RE is fully met.

In voluntary aided schools the time allocated to RE and the content is determined by the Governors. In law, RE is a fundamental entitlement of all pupils and should therefore be given its place as part of the basic curriculum.

We have agreed a set of principles as a staff body that outline the place of RE in the curriculum and its importance:

- We believe that Religious Education allows us to ask big questions where there is no necessarily a 'right' or 'wrong' answer.
- We believe that Religious Education allows us to explore values and morals that we and others hold.
- We believe that Religious Education allows us to explore other cultures and beliefs whilst developing acceptance and tolerance of difference.
- We believe that Religious Education allows us to learn from other people's beliefs and practices.
- We believe that Religious Education allows us to experience awe and wonder at ourselves, the world and universe.

## **Time allocation of RE/ requirements**

RE should have a minimum 5% of curriculum time. In Key Stage 1, this equates to about 40 hours per year and in Key Stage 2 about 45 hours per year. This can be calculated to approximately one hour per week, or if required, 2-3 hours in a more concentrated period in the school year.

- **Professional responsibility** – teachers should be honest about their own ideas and at the same time ensure that they understand what their role is in the teaching of RE. All new staff are made clear as to the Christian foundation of our school and that when becoming part of a Church of England school, they must uphold the aims and ethos of the school, and implement the RE and Worship policies. Support is provided by the RE leader and through LDBS advice for those teachers needing help with the planning and delivery of RE. Children should be helped to gain confidence in asking questions, seeking answers and reflecting on their own experiences.
- **RE and Worship** – RE and Worship are separate areas of the curriculum. When planning for the curriculum, worship cannot be regarded as RE time; in our school we do not include worship time as part of the RE allocation.
- **Resources** – each religion covered in RE lessons has a topic box. Each box contains artefacts, photographs and helpful activities to deliver the curriculum. Each classroom has a Worship / Reflection Area, which displays a Bible, candle, a cross, a prayer tree and prayers that are used every day. Each class teacher has a copy of their appropriate handbook and scheme of work. Additional resources to support planning, teaching and learning are located in the topic resource cupboard.
- **Spirituality** – This permeates all aspects of school life (see Worship policy and SMSC Policy).
- **Differentiation** – RE is differentiated according to the age, year group and ability of the individual child.

## **RE displays**

Every class should have an RE display close to their worship area. The elements are consistent in every class. These include:

- The core Christian values
- The Vision Verse
- The Big Question
- Key religious vocabulary
- Children's questions
- The big story (Christian concepts) 'timeline' with an arrow pointing to the concept being studied

## **Prayer**

Every pupil has a prayer book, which they take with them on their journey through the school (Reception to Year 6). The children write individual prayers based around the core Christian values each half term. Prayers for different festivals and special times of the year are also included (e.g. Harvest and Remembrance Day). Each week, pupils from one class write prayers around key issues, which they share with the whole school in Gospel Assembly. These are called Prayer Leaves, which we hang on our Prayer Tree.

## **Syllabus**

The school uses the LDBS syllabus.

Each termly unit has an individual unit plan. It outlines the following:

- The unit title and the 'Big Questions' which will be covered
- The faith, year group and prior learning for the unit
- The key AT1 and AT2 focus
- Key RE vocabulary
- A breakdown of the learning intentions for the unit
- Opportunities for cross-curricular links
- Spiritual, Moral, Cultural and Social developments
- Sensitivities to be aware of when delivering the unit
- Possible further thinking and extension activities
- Suggestions of places to visit

Teachers edit and adapt the LDBS planning accordingly, clearly stating their learning intention, success criteria and independent activities.

The RE leader is responsible each term for monitoring work in the RE books against the units of work to ensure effective coverage. Prayer and reflection time, which takes place before lunch in each classroom is also monitored to ensure consistency of approach. The RE leader also takes responsibility for planning and leading staff development sessions and providing CPD support to individual members of staff.

The LDBS syllabus is accessible on the school network. Additional resources to support planning, teaching and learning are located in topic resource boxes (located centrally in the school).

### **RE assessment**

Formative Assessment is ongoing in all RE lessons, through differentiated questioning. Teachers make summative assessments in the Spring Term and towards the end of the Summer Term. These assessments are based upon the LDBS assessment guidance, assessing directly what pupils have been taught in RE. Assessment statements set out the Expected Standard of substantive and disciplinary knowledge that children should know and remember by the end of the year. Children working at Greater Depth Within Expected Standard will be working with increasing accuracy and detail. They will be working more independently than children working at Expected Standard. Their explanations will show that their thinking is at a deeper level than children working at Expected Standard.

The Head of School meets with each teacher for a termly Pupil Progress Checkpoint, to discuss and moderate assessments in RE.

## Appendix 1

Recommended non-negotiables for RE for class teachers

The core purpose of RE is to enable pupils to develop their religious literacy. To enable this to happen, effective teaching must include the following.

- RE must be taught in accordance with the RE syllabus agreed by the school Governing Board.
- The correct time allocation must be given to the teaching of RE in accordance with the Church of England Statement of Entitlement.
- RE must be taught as an academic subject.
- Children must make good or better progress in RE.
- Teachers' subject knowledge must be secure.
- RE lessons must be planned in a sequential way, taking note of prior learning and knowledge the children bring to the classroom.
- The RE curriculum must be balanced, giving children exposure to the study of theology, philosophy and human/social science. (Believing, thinking, living.)
- RE lessons must be planned in accordance with the school's planning expectations for all other subjects.
- Teachers must be aware of what knowledge the children are expected to know by the end of a unit of learning.
- Teachers must be aware of end of unit expectations at the beginning of the planning stage so that accurate assessments can be made.
- On-going assessment must take place. • RE must be taught through an enquiry-based approach.
- The big question must be shared with the children at the beginning of the unit and referred to in each lesson.
- Each lesson must be driven by a question which links to the big question being explored,
- Core concepts in Christianity must be shared with the children and referred to throughout the unit of learning, enabling children to gain greater insight into what these concepts mean.
- Religious vocabulary must be shared, explained, taught and developed throughout a unit of learning.
- Opportunities for children to engage in Biblical text analysis must be made available.
- A range of high-quality questions must be asked by the teachers across the unit of learning and within a lesson.
- A wide range of activities must be included in the unit of learning, giving children the opportunity to express themselves in a variety of ways and show what they know and understand.
- Opportunities for effective talk, discussion, debate and critical thinking must be made available as this is often when you will hear children share their profound thoughts and demonstrate what they know and the skills they are able to apply.
- Presentation in books must be of a high standard.
- Pupil's work in books must be in line or better than work seen in other core subjects
- There must be evidence in the books that demonstrate children are making good or better progress in the subject.
- Teacher feedback must relate to RE knowledge, understanding and skills and not English based objectives.

- Teacher feedback must lead children to deepening their knowledge and understanding in RE. One way of doing this effectively, is to give children a question to consider and adequate time to respond.
- Visits and visitors must be planned for across the year to support the RE learning. Ensure you follow the school's guidance on planning an educational visit and guidance around inviting visitors into school.

**RE learning journey to include the following:**

- The big question
- Six subsidiary questions
- Religious vocabulary related to the unit
- Children's response to each question
- Examples of children's work related to individual lessons
- Biblical timeline and core concepts\*

\*Each classroom to have a Biblical timeline and core concepts on display so that children can refer to it during the teaching of units, enabling them to develop their understanding of the Bible and its chronology.

**Recording in Pupils RE books:**

- Not every RE lesson will have a written outcome (although many will).
- The outcome of some RE lessons might be a photo page, with text explaining the purpose of the lesson and the pupil outcomes. (Occasionally, the outcome of an RE lesson might be a piece of high quality art work.)
